predictions based upon the re-

This is the season to buy Bedding. If we may offer

sults of previous years, then we are safe in saying that the next two weeks will find us selling more Bedding than is sold in any other two months of the year. The cause for the heavy demand of Bedding at this time of the year is due to the unusually large assurtments and low prices

we offer. In fact this is a sale that originated with this store several years ago. Today a sale of similar nature is held in most furniture stores, but the original salethe one where the biggest values exist-is right here.

WHO WANTS A

Probably if we asked who wants a horseless carriage many would read who are not interested in Baby Carriages. However, this news may be good reading to those who are not at present interested. The Baby Carriages themselves are the finest lot that ever

passed through the freight depot in this city - they are the finest that can be had, because we bought them from a maker who has long been the acknowledged leader in his line, and this year the assortments were finer than ever. Come and see them.
